

SPIRCO MANUFACTURING PAINTED ROOF AND WALL PANEL LIMITED 40 YEAR WARRANTY

Spirco Manufacturing (Spirco) and its customer _____ recognize that most panel coatings will fade and change appearance to some degree over a period of time in outdoor installations, and that such changes may not be uniform between surfaces not equally exposed, Spirco warrants that the panels covered by this warranty will resist natural weathering to the extent that they will conform to the performance standards listed below during a period of 40 years after coating for film integrity and for both chalking and color change, provided that all conditions of this warranty are first met. Items #1 through #3 below apply to metal buildings and similar structures installed north of the 15th parallel in the northern hemisphere, or south of the 15th parallel in the southern hemisphere. Only item #1 applies to metal buildings and similar structures installed between these latitudes:

1. For forty (40) years, covered product will not peel, flake or otherwise lose adhesion to an extent that is apparent on ordinary outdoor visual observation. NOTE: Slight crazing or cracking may occur on roll-formed edges or break bends at the time of forming, and is considered as standard-such crazing or cracking shall not constitute a basis for complaint under this limited warranty; and
2. For thirty (30) years, sidewall panels of covered product will not change color more than five (5) (delta E) Hunter units and roof panels will not change more than seven (7) (delta E) Hunter units when measured per ASTM D 2244 on clean surfaces after removing dirt, other surface deposits and chalk per ASTM D 3964; and
3. For thirty (30) years, sidewall panels of covered product will not chalk more than a number eight (8) rating and roof panels will not chalk more than a number six (6) rating when measured per ASTM D 4214, Method A.

This warranty applies only to panels erected in the Continental United States (including Alaska), and which have been exposed to normal weather aforementioned defects or failures, and does not apply to defects or failures caused by acts of God, falling objects, external forces, explosions, fire, riots, civil commotions, acts of war, radiation or harmful gases or fumes, excessive salt atmospheres, chemicals and foreign substances (i.e. abnormal quantities of sand or dirt particles) in the air or atmosphere and regardless of roof or sidewall pitch, or installations within 1,000 meters (3,250 feet) of a salt water shoreline at mean high tide or any other marine environment installation. Customer must provide for proper drainage so as not to hold any water.

Spirco further agrees to replace, repair, or repaint, at its option and cost, any affected panels and reserves the right to approve and/or negotiate contracts for such painting or replacement. Any repainted or replacement panel supplied as provided herein shall be subject to warranty only for the remainder of the period applicable to the affected panels. The obligations under the warranty shall not arise due to failure to remove debris or other accumulations of foreign substances or materials from the panels.

THIS WARRANTY BECOMES VALID ONLY WHEN SIGNED BY SPIRCO MANUFACTURING'S CUSTOMER AND AN OFFICER OF SPIRCO MANUFACTURING. IT MAY BE EXTENDED BY THE CUSTOMER TO THE ORIGINAL BUILDING OWNER BUT IS NON-TRANSFERABLE AND NON-ASSIGNABLE BEYOND THE ORIGINAL BUILDING OWNER.

THERE ARE NO OTHER GUARANTEES OR WARRANTIES, EXPRESSED OR IMPLIED, WHICH EXTEND BEYOND THE DESCRIPTION AS STATED HEREIN, INCLUDING ANY WARRANTIES OF MERCHANTABILITY OR FITNESS OR PURPOSE AND SPIRCO MANUFACTURING SHALL NOT BE RESPONSIBLE FOR ANY INDIRECT OR CONSEQUENTIAL DAMAGES (SUCH AS DAMAGES TO THE CONTENTS OR FURNISHINGS OF ANY BUILDING) OR ANY LOSS OF ANY KIND WHATSOEVER.

I have read and agreed to the terms and conditions as outlined in this warranty.
